

Eastside Student Center

COMMUNITY SPONSORSHIP

2023-24 School Year

Big Plans, Big Dreams

Eastside Student Center is expanding its services for the 23-24 school year. We aim to offer an after school space for as many students as need it. This means being open every single school day, and during parts of the summer and other school breaks. Growing our schedule, space, and staff requires the support of our community.

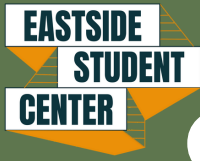

Program Highlights

Above all, Eastside Student Center offers a safe, relaxing and welcoming environment for students to gather during out-of-school hours. Along with this, we also offer art, recreation, free snacks, STEM activities, homework help, games, team building, leadership development, and more!

Free After School For All

Eastside Student Center provides after school programming, activities, and academic support for all students grades 5-12. But the best part: it's totally FREE! We don't charge membership dues or monthly or annual fees, because we believe safe, welcoming spaces for students should always be free.

COMMUNITY SPONSORSHIP

Become a Community Sponsor!

We need the support of our community to continue offering and expanding services for our youth. Since we don't charge anything to our students and their families, we are dependent on the generous contributions of our community members and business.

Please consider becoming a Community Sponsor for the 23-24 School Year!
